

## Proportional-pressure regulators VEAB

**FESTO**

## Key features

### Innovative

- Silent operation
- Very low power consumption
- Extremely precise
- Short switching times
- Piezo technology

### Flexible

- In-line valves
- Sub-base valves
- Simple electrical and pneumatic interfaces
- Choice of different setpoint specifications
  - Current input
  - Voltage input

### Operational safety

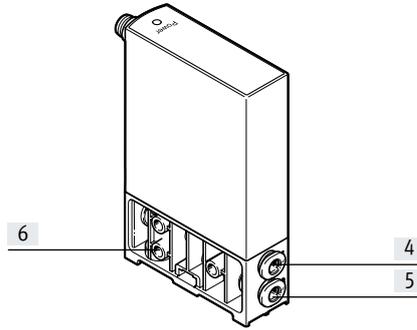

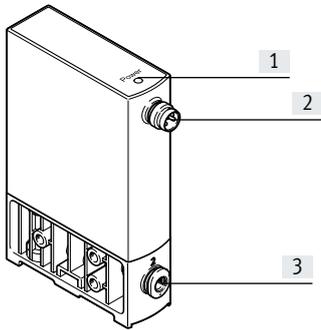

- Integrated pressure sensor with separate output
- Diagnostics
  - Operating voltage: over- and undervoltage
  - Setpoint value: falling below and exceeding
- Consistent pressure regulation performance with long-term stability
- Long service life

### Easy to install

- Mounting the in-line valve via three lateral through-holes
- Secure wall mounting or H-rail mounting

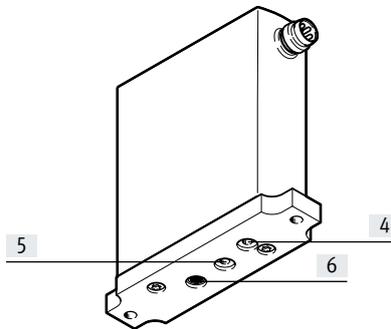

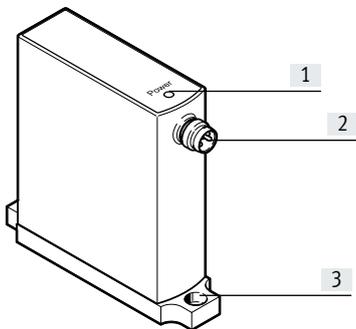

## Key features – Display and operation

### In-line valve

- [1] Power LED (green), fault LED (red)
- [2] Electrical connection, M8 plug
- [3] Port 2, working air
- [4] Port 1, compressed air
- [5] Port 3, exhaust air
- [6] Through-holes for mounting the valve

### Sub-base valve

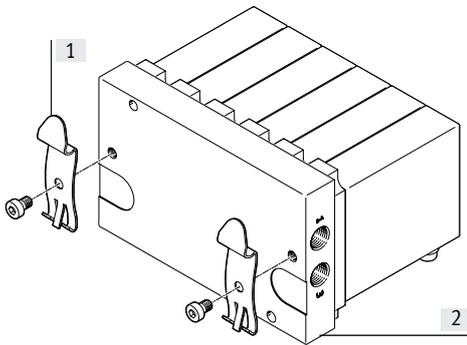

- [1] Power LED (green), fault LED (red)
- [2] Electrical connection, M8 plug
- [3] Through-holes for mounting the valve on the sub-base
- [4] Port 2, working air
- [5] Port 3, exhaust air
- [6] Port 1, compressed air

## Key features – Mounting

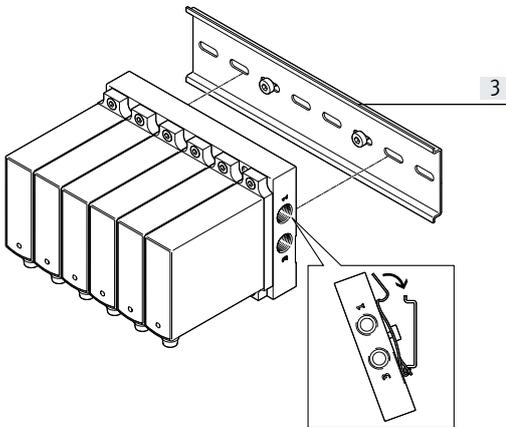

### Mounting the valve manifold assembly

#### H-rail mounting

- [1] H-rail mounting
- [2] Manifold rail

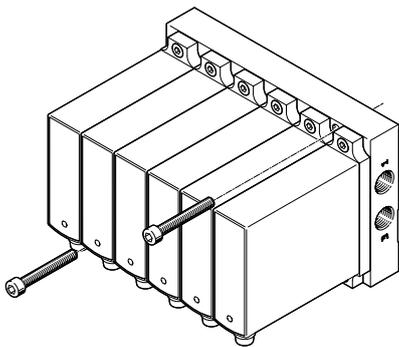

The H-rail mounting can be used to mount the manifold rail on H-rails in accordance with EN 60715.

- [3] H-rail

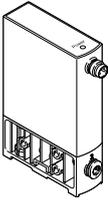

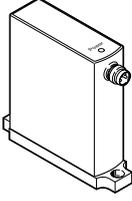

To do this, the manifold rail with the H-rail mounting is mounted on the H-rail and latched in place.

#### Wall mounting

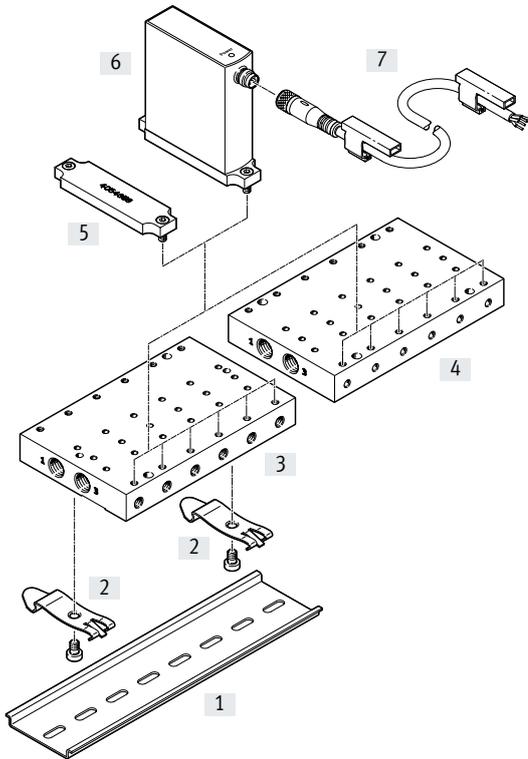

The manifold rail also has through-holes for wall mounting.

1) Input pressure 1 should always be 1 bar greater than the maximum regulated output pressure.

2) Corrosion resistance class CRC 2 to Festo standard FN 940070

Moderate corrosion stress. Indoor applications in which condensation can occur. External visible parts with primarily decorative surface requirements which are in direct contact with a normal industrial environment.

3) For information about the area of use, see the EC declaration of conformity at: [www.festo.com/catalogue/...](http://www.festo.com/catalogue/...) → Support/Downloads.

If the devices are subject to usage restrictions in residential, commercial or light-industrial environments, further measures for the reduction of the emitted interference may be necessary.

### Function

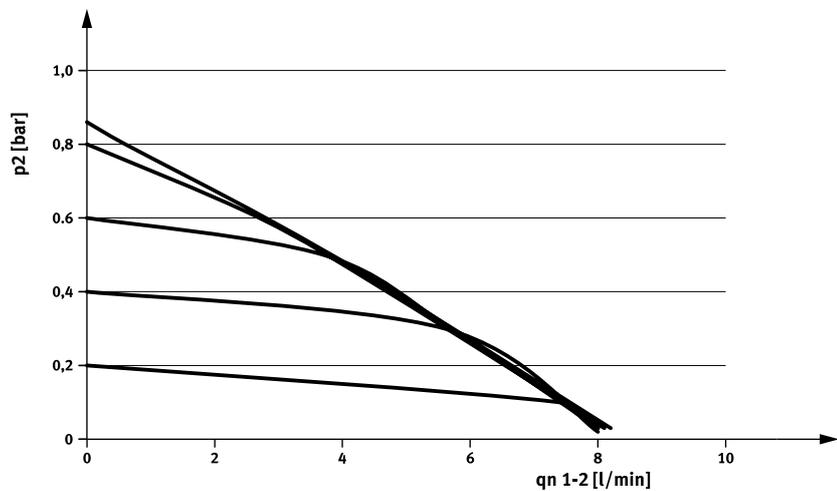

An integrated pressure sensor records the pressure at the working port and compares this value with the setpoint value.

The pressure is automatically readjusted in the event of deviations.
